

Lesson code		2021-08-02	Level	Primary	Total Time	40mins	Teaching Week	Aug (09-13)	
Subject		Science	Books	The Science factor 5		Page No. 12-17		Class	V
Day Time	Chapter Topic	Objectives: The students will be able to:	Teaching Resources:	Teaching Learning Strategies					
Day 1 40 min	Unit 1 The human body Muscular system	Name different types of muscles and explain their functions	Textbook, board, marker, chart/ model of muscular system	Introduction - Ask the students to perform the following actions, raise their hands up, hop, and lift their legs upward. Methodology (Explanation through demonstrating and discussion) - Display muscular system chart/model in front of the students. - Tell them about the different types of muscles in their bodies, giving examples of each. - Students will read and discuss questions in the textbook page 13. - Students will perform activity on textbook pg.13 Wrap up Ask random students to come on board and discuss muscular system Homework Revise muscular system questions on textbook page. 13 by using the following link https://youtu.be/ItZPb-OUJfA					
Day 2 40 min	Unit 1 The human body Skeletal system	Explain that the skeletal system serves four different purposes in the body	Textbook, board, marker, chart/ model of skeletal system	Introduction Begin the class by asking students what they think bones do for our body Methodology (Demonstrating and questioning method) - Display human skeleton chart/model in the class and point out to different bones, naming the main ones. - Explain functions of bones. - Students will read and solve questions in pairs. Wrap up Recap of the lesson by asking questions; Write the functions of bones, joints and tendons. Home Work Revise questions by using the link below: https://youtu.be/zo5neqTzVFc					

Day 3 40 min	Unit 1 The human body Digestive system	- Label the diagram of the digestive system - Explain the basic function of the digestive system	Textbook, board, marker, flash cards	Introduction Review homework and display chart of digestive system in front of the students. Methodology (Brainstorming and demonstration method) - Point out at the digestive system model/chart. - Explain parts of digestive system. - Students will draw and label digestive system in their notebooks. - Teacher and students will discuss questions given on pg. 16 Wrap up Outline the basic function of digestive system. Homework Revise class work by using the link below: https://youtu.be/FZLNkTek5hY
Day 4 40 min	Unit 1 The human body Urinary system	Identify the four key parts of the urinary system	Textbook, board, marker, chart/ model of urinary system	Introduction Recap of prior knowledge by asking brainstorming questions. Methodology (Explanation through demonstrating method) - Display or draw urinary system on the board and ask students to observe it. - Name the parts of urinary system and explain them. - Students will read and discuss in the class. Wrap up Outline the parts of urinary system. Home Work Revise urinary system by using the link below: https://youtu.be/yTQXy1VH5pI

Worksheet

Topic: Unit 1

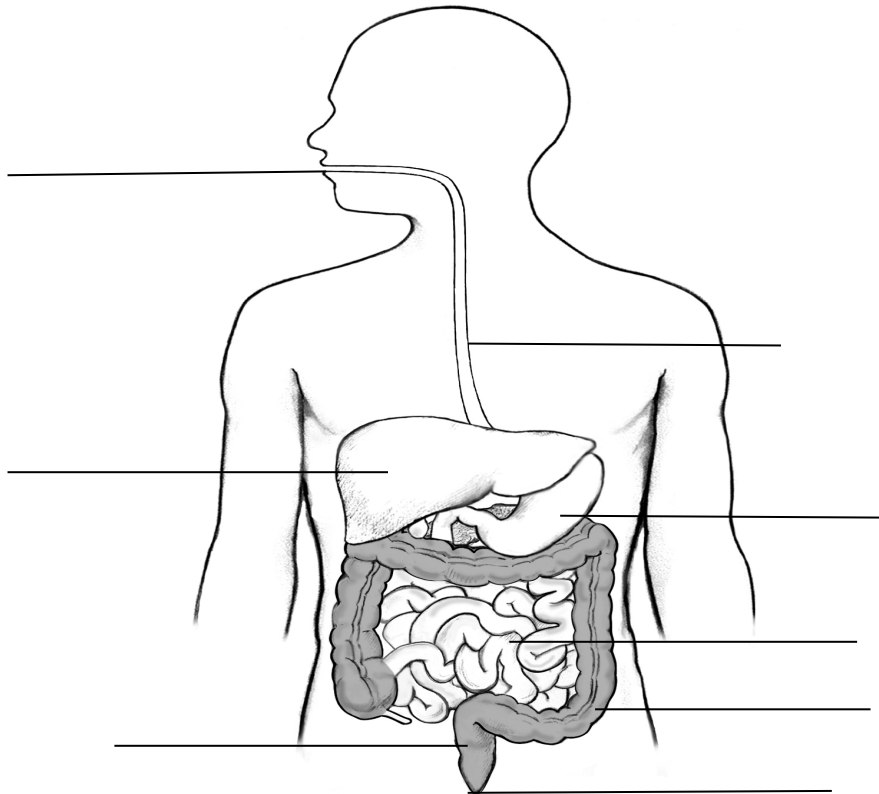

Name: _____

Class: V

Date: _____

Q. Label the diagram of the digestive system below with the following name of the parts.

liver – oesophagus – small intestine – stomach – large intestine – mouth – rectum - small intestine

Answer key
