

Lesson Code		2022-08-01	Level	Primary	Total Time	40mins	Teaching Week	August(01-05)	
Subject		Computer Science	Books	Online with Computers 01 (Revised Edition)		Page No.	5	Class	I
Day	Chapter Topic	Objectives: The students will be able to:	Teaching Resources:	Teaching Learning Strategies					
Day 1	Know your computer	get introduction about computer science	Textbook	Introduction - On the 1st day of the class, interact with the students in a friendly manner. - Introduce yourself and about the subject. - Ask the names of the students. Methodology - Ask the students if they remember the definition of computer science. - Listen to their answers and write them on the board. - Write the correct definition of computer science on the board - Explain the different parts of computer. - Make groups of 4 or 5. Ask the students to discuss amongst themselves what are the uses of computer and its parts. Always keeping the social distance and following the SOPs. Discussion Method - Ask the students if they remember the definition of computer science. - Listen to their answers and write them on the board. - Write the correct definition of computer science on the board - Explain the different parts of computer. - Make groups of 4 or 5. Ask the students to discuss amongst themselves what are the uses of computer and its parts. Always keeping the social distance and following the SOPs. Wrap up - To wrap up the lesson, summarize the questions discussed in the class. Home Work					
Day 2	Know your computer	describe machines identify man-made machines	Textbook	Introduction To check the prior knowledge of students, following question will be asked: 1. Ask each student to name one man-made machine. Write all their contributions on the writing board, under the headings "man-made machines". Methodology - Explain briefly about the machines. - Ask the students if they know the definitions of machines. - Now write the correct definitions of machines. - Show the different man-made machines to the students and tell them their uses. - Make groups of four or five students and give them flash cards of different man-made machines like TV, refrigerator, mobile, fan, and washing machines. - Ask them to tell the uses of these machines and share their ideas regarding uses of these machines. - Discuss Q.1- 8 on textbook page 09-12 related to the topic. Discussion and pair share work - Explain briefly about the machines. - Ask the students if they know the definitions of machines. - Now write the correct definitions of machines. - Show the different man-made machines to the students and tell them their uses. - Make groups of four or five students and give them flash cards of different man-made machines like TV, refrigerator, mobile, fan, and washing machines. - Ask them to tell the uses of these machines and share their ideas regarding uses of these machines. - Discuss Q.1- 8 on textbook page 09-12 related to the topic. Wrap up - What is a machine? - Name the different man-made machines. - What is the function of mobile? Home Work: Write down the answers of questions (Part D Q2 & Q4) on textbook page 10 in the notebooks.					

Day 3	Know your computer	complete the worksheet related to the topic	Textbook	Introduction • To recall the prior knowledge, following question will be asked from students: 1. What is the function of mobile? Methodology • Students will complete both activities correctly help them if required. • Worksheet will be distributed to the class. • Checked worksheet will be pasted on student's notebook. Wrap up To wrap up the lesson, summarize the lesson by discussing correct answers of the questions given in the worksheet. Home Work
